

Samsung Galaxy A16 5G boasts a bevy of impressive features, without the flagship price tag. The best bits include a 50MP main camera, a bright 6.7-inch FHD+ display, and a battery to take you all the way through the day.

Bright and beautiful

Galaxy A16 5G features smaller bezels for an even larger display. Plus, a slimmer design – to make sure every interaction feels effortless.

Galaxy A16 5G's larger 6.7-inch FHD+ Super AMOLED display is packed with smarts. The Infinity-U design features a subtle dew-drop cut-out at the top of the display, to conceal the selfie camera. And with 800 nits in High Brightness Mode the screen is bright and clear, even when out and about on a sunny day.

Picture this...

With four outstanding cameras, the A16 5G delivers total control over your photos so you can capture every detail – from every angle.

Catching that essential shot is easy with Galaxy A16 5G's multi-lens including a 50MP main camera. The Ultra Wide lens is perfect for immortalising your best work, or the Macro lens can highlight tiny details in close-ups. And when a quick video chat calls, flip over to the 13MP front-facing lens, concealed within the slick Infinity-U display for a clear conversation.

Product specification

Connectivity	5G, Wi-Fi 802.11 a/b/g/n/ac 2.4G+5GHz, VHT80, NFC, Bluetooth v5.3, GPS, Glonass, Beidou, Galileo, QZSS
